IV. PEER REVIEWING PROCESS

Manuscripts are assigned to Executive Editor. The papers before being sent for reviewing are first checked by anti-plagiarism software. Executive Editor sends the received papers, without the name and affiliation of authors, to 2 experts in the field, normally by e-mail. All the reviewers of a paper remain anonymous to the authors and act independently. They have a different affiliation, usually located in different towns/countries, and they are not aware of each other’s identities. If the decisions of the two reviewers are not the same, the paper is sent to a third reviewer.

The reviewers’ evaluations and Executive Editor’s comments enable the Editor-in-Chief to make a decision. This decision, along with the comments, is transmitted to the authors via e-mail. A decision is made usually within six weeks of the receipt of the manuscript. The Editor-in-Chief will advise authors whether a manuscript is accepted, should be revised, or is rejected. Minor revisions should be returned within four weeks of decision; major revisions should be made within three months. Manuscripts not revised within this time will be withdrawn from consideration unless there are extenuating circumstances.

The Editor-in-Chief makes the final decision for publication based on the scrutiny of reviewers and the scope of the journal.

The Editor-in-Chief is responsible for the quality and selection of manuscripts chosen to be published, and the authors are always responsible for the content of each article.
